- **Community Planning for Recovery (CPR)**

<http://www.facebook.com/PlanningForRecovery/>

Building a stronger & more resilient community

- Build a comprehensive understanding of our unique community: our assets, needs, capacity and connections so that we can prepare more effective and targeted responses in the event of a disaster
- Provide a central contact point for groups within the CPR area and build connections between them to make it easier to find the help they need
- Support planning initiatives by providing advice and resources, and sharing information and experiences from other community members and groups
- Act as the collective voice of the community to secure support and resources from all levels of government
- Create pathways for community consultation and communication about disaster response, including access to on line resources, physical infrastructure and hosting regular community meetings

- **Bradbury Country Fire Service**

<http://www.bradburycfs.org.au/>

<http://www.facebook.com/BradburyCFS/>

The brigade has some 40 local volunteers who protect the neighbourhood, about half as active firefighters and the rest assisting in various ways. The brigade conducts fire prevention education and helps form small localised *Firesafe* groups to increase knowledge, preparation and mutual support. It holds social and fund-raising events.

The siren is tested every Monday night at 7pm. Training is held Monday nights except public holidays. More volunteers are always needed, especially people available week days. Drop in the station 7pm Monday nights to find out more.
